

PHILIPPINES ARE COMING TO PROTEST THEY DO NOT WANT UNCLE SAM TO RULE THEM.

Fear Interference With Their Religious Rights—Commanders Responsible For Bad Camp Conditions Will Suffer—Spanish Evacuation of Cuba Completed This Year.

Washington, Sept. 23.—[Special]—Much good is expected from the visit of the representative of the Philippine insurgents to this city. It is believed that Aguinaldo and his followers have been acting under a misapprehension of the purpose of this government in its war with Spain and that this can be easily removed. If, as they claim, Consul Wildman promised them independent rule and to give Aguinaldo supreme control over the islands, he clearly overstepped his authority and will be called to account. It is believed that the Philippines will be perfectly satisfied when they learn the purpose of this government with regard to them and will give it their earnest support. Ignorance of conditions, it is thought has been at the bottom of all the trouble.

RELIGIOUS FREEDOM GUARANTEED Fears of Roman Catholics at Manila Are Groundless

Washington, Sept. 23.—[Special]—Archbishop Ireland is being praised for his efforts to quiet the fears of church dignitaries at Rome and Manila as to the future of the church in the Philippines. He has convinced the propaganda that the interests of the Roman church will be fully protected there as it is in the United States—that any persecution of its members or confiscation of its property will be impossible under our laws. The church will be granted full protection but no special privileges, and this is all it can ask in reason. At the same time it will be required to respect the rights of other churches, for absolute religious freedom is essential of citizenship under the American flag.

BAD CAMP CONDITIONS. Sentiment Is With Secretary Alger In His Cause.

Washington, Sept. 23.—[Special]—There is little doubt that Secretary Alger will have the full endorsement of officials and the public in his latest controversy over the management of the military camps in this country. The military censures the commanders for unsanitary conditions in the camp and for permitting the men to eat unhealthful food. The commanders retort that the men themselves were reckless of their health, created pestilence by leaving refuse about the camps, and persisted in eating food which was not fit for consumption. "Why did you permit such conduct?" asks the secretary. To this there is no reply, but General Alger proposes to find out, and to punish the guilty, even though they may be high in rank.

Wade says the evacuation of the Spanish troops left in Cuba will begin about the middle of October, and that the advance guard of the army of occupation may enter the land at that time. The last of the Spaniards will be out of the island by January 1.

WANT TO KEEP THE PHILIPPINES.

Madrid Newspapers Insist Upon Retaining Them at Any Cost. Madrid, Sept. 23.—[Special]—The supposed intention of the United States to hold the Philippines excites protests from the government newspapers. They contend that Spain's right to the islands is incontestable and that the government is resolved to defend that right with the greatest energy.

A THRILLING MELODRAMA The Span of Life Will Be Seen At the Opera House Next Week

One of the most popular melodramatic productions on the road is "The Span of Life," which will be seen here next Tuesday at the Grand. It can truly be said that "age does not wither nor custom stale" the infinite popularity of this most successful of the many realistic plays written by Sutton Vance, who is beyond doubt a past master in the art of stage construction. A more remarkable scene than the human bridge in "The Span of Life" has never been conceived by a playwright and it is probably to this unique contrivance that "The Span of Life" owes its lasting popularity. Manager Calder declares that his company this season is the best he has ever engaged to present this play. Seats on sale at box office Monday morning at 9 o'clock. Prices 25, 35, 50 and 75 cents.

The exhibit in the live stock section at the state fair is said to be one of the largest and best ever held. In the draft horse department Rock county has one of the most complete of any in the state or outside. McLay Bros., of this place, not only have the largest show on the grounds in this department, but their winnings considerably exceed those of any other. They have no less than eleven first, seven second, and three third prizes to their credit, although competing with the most prominent studs in the United States today. They have made altogether what is called by old frequenters of the horse shows, one of the most perfect exhibits ever seen on the grounds, and a special feature of the fair. Handsome Prince, the World's Fair prize winner, still stands at the head, winning in a large and strong class. This Rock county stud also won breeders' sweepstakes, competing with the get of the champion over all draft breeds at the World's Fair.

THEY GAVE A FINE CONCERT

Joint Affairs of the Concordia Society and Imperial Band.

The Concordia society and Imperial band united last evening in a peace jubilee concert at Concordia hall. The attendance was not large, but those who were present were abundantly repaid. Three vocal selections by the Concordia society evoked hearty applause. Mrs. Charles Knoff sang "Moya Town," in an admirable manner, and received a well merited encore. Prof. William Thiele gave an improvised medley of national airs on the piano, which stirred the audience to a fever of enthusiasm. The solo, "No Heart So True," by George L. Hatch, called for an encore, to which he responded with "The Idol of My Heart." The playing of Miss Mamie Knoff, the piano accompanist, was exceedingly fine, while the orchestra numbers were fully up to the high standard of the Imperial band. After the concert a ball began and lasted till the early hours of the morning. The entertainment as a whole was an excellent one, and was keenly enjoyed by all present.

TAKEN TO THE COUNTY FARM

A Sufferer from Consumption Will End His Days There.

A young man well dressed and appearing, appended to Pocomator Kenyon this week for medical treatment. It was plain to be seen at first glance that he was in the last stages of consumption. Mr. Kenyon at once procured a rig, and with several blankets made the boy as comfortable as possible, and drove him to the county farm, where he is receiving treatment. His name is Hollister, and his home, Clinton, where an uncle now lives, who is kind hearted enough to pay the lad's board at the county farm. The sufferer is twenty-three years of age.

LOCAL DRUGGISTS FIND MUCH FAULT

WAR TAX INJURING THEIR BUSINESS.

Attempt of Manufacturers of Patent Medicines to Force War Tax On Retailers Being Vigorously Resented—Claim They Get the Worst of It—Talk of Action.

The majority of the local drug firms are anything but pleased just at present at the way the war revenue tax is working with their profits. They claim that the way the matter now stands they are being imposed on by the jobbers, who insist that the retailers are the ones who should pay the war revenue tax that is now in force. The tax, which ranges from one-eighth of a cent to two and a half cents on proprietary medicines, it is charged, is being handled by manufacturers in such a way as to throw the whole burden on the retailer, the competition among the latter forcing them to refrain from attempting to collect the tax from the consumer.

Make Proprietors Pay

In consequence of this state of affairs and the agitation, it has led many of the local firms to talk of taking some action looking towards a remedy, so as to let them out of it by the paying of a much smaller sum each month.

"Our great trouble comes from the fact that the makers of the principal proprietary articles have put their prices far in advance of old rates," said a local west side druggist this morning, "and they expect the retail druggist to stand this extra expense, which lets the wholesaler out of paying a cent's worth of war revenue. Now we wouldn't have such a strong kick coming if we could get more for our goods, but we can't. The public, used to the old prices, would not stand this advance in price, and the very minute we would impose it on them they would send to the Chicago department stores, where they are sure to get all such articles at cost rate prices. As the matter now stands this firm alone is paying out each month a goodly sum that should fall on the jobbers."

An Unjust Imposition.

"I don't believe I am putting it a bit too high when I say that the People's Drug Co. alone will expend a thousand dollars within a year's time as the result of this war tax," said W. E. Evenson, when asked what he thought of the way the local retailers were being imposed on. "It is the jobbers who have got away from paying this war tax, and as we must sell at the old prices, we practically pay the tax. Department stores in the large cities are what hold the retailers down to their old prices, and I believe the day is coming when every man to successfully conduct a business, will have to handle general lines now carried by department stores."

Will Enter a Protest.

The National Wholesale Druggists' association has called a meeting of its members in St. Louis three weeks hence. Yesterday another circular reached the trade signed by President Charles P. Weller, of the association, explaining the objects of the meeting. Just what will be done at St. Louis is not yet known. It is quite certain the trade is strongly worked up over the matter, but do not now anticipate that wholesalers and retailers will adopt any formal resolutions to press a appeal of the tax on congress. If any such action is taken this winter the initiative will be taken by the manufacturers.

TOBACCO IS ALL SHEDDED

The Entire Crop Is Now Out of Harm's Way and Nearly Cured.

In speaking of the leaf crop in this section this week's Farm and Home says: Every vestige of the '98 crop is now in the shed, out of harm's way. Some of the earliest crops shedded are now nearly cured out, giving every promise of one of the best crops ever grown in this state, and the farmers have good cause to feel well satisfied with the season's work.

Around the warehouses sampling is the order of the day. Samuel Grundy, Bert Richardson, John Soultman, Geo. Rummell and Fisher & Fisher are sampling this week. M. H. Sovorhill shipped 850 cases of '97 to Europe this week, and S. B. Heddles one car to Sutter Bros., of Chicago.

Cigar manufacturers are taking hold of the '97 in good shape and like it very well.

ENGINES ARE OF GREAT SIZE

Mammoth Locomotives Just Put Upon the Northwestern Road.

The new style freight engines that are now in use on the Chicago & Northwestern road, and which make daily trips into this city, are causing no end of interest along the road at stations where they are quartered.

This style of iron horse is by far the largest and most powerful, and is just from the shops of the Schenectady works in New York state. The engines weigh in the neighborhood of ninety tons, and are able to pull about 1,800 tons. In order to accommodate them in this city the round house is being deepened several feet, and the turn-table will be made sixty feet long, which is a lengthening of ten feet. The engines are well worth seeing, and many have been attracted to the local yards each evening on their arrival.

WILL MUSTER OUT HERE NEXT MONTH

SOLDIERS TO BE PAID WHEN THEY LEAVE SERVICE.

According to Late Dispatches Friday, October 19, Has Been Set As the Date—Local Soldiers Are Leaving Their Equipments at Armory—All Seem Pleased at Orders.

Members of Co. A, First Wisconsin Regiment will be mustered out of service Oct. 19. Capt. Andrus of the Fifth cavalry, and Lieut. Caldwell, of the United States army, are now making a tour of the companies in the state that comprise the First regiment, notifying them that Wednesday, Oct. 19, is the day set by the government for mustering out. Just when these officers are coming to Jamesville is not known at present.

Captain Hanson several days ago received orders to have all members of Co. A leave their equipment at the Armory. This includes all articles furnished them with the exception of their clothing. The order has been complied with by the greater portion of the company. Captain Hanson is now expecting to receive orders to have every enlisted man's time, his clothing and sustenance allowance figured up.

Will Be Paid Off.

As to the boys of Co. A receiving their pay, the present indications are that they will receive what cash is coming to them when they are mustered out. This will also apply to all members of the First and Second regiments. At Madison such instructions have been telegraphed to Captain Buck of the regular army, mustering officer of the government for Wisconsin. Captain Buck has elaborated a plan for having the companies of both regiments paid off in their own towns, instead of having to go to a regimental rendezvous. His plan is to have a number of paymasters sent into the state, go to each company in turn, and pay them off at the same time the mustering officer is engaged in mustering the company out of the United States service.

Officers to Report.

Telegrams were received at the office of Adj. Gen. Boardman from Adj. Gen. Corbin, of the war department, addressed to Col. Schadel, of the First, and Col. Born, of the Second regiments, asking for a report on the exact amount due the men of their regiments, and other necessary data for preparing the pay rolls. These dispatches are taken to indicate an intention on the part of the department to pay the men in accordance with Capt. Buck's plan.

As the matter now stands the members of Co. A will be mustered out and paid at their headquarters in this city.

Shanghai, Sept. 23.—A local rumor is current here to the effect that the emperor of China is dead. No details are obtainable, but it is said the gates of Peking are closed.

Peking, Sept. 23.—An imperial edict just issued definitely announces that the emperor of China has resigned his power to the Dowager empress, who has ordered the ministers to deliver to her in future their official reports.

It is difficult to obtain reliable information at the palace in regard to the proceeding, but the recent reformatory edicts probably caused the change. While the emperor was subservient and a mere figurehead, the dowager empress permitted him to remain in peace, but so soon as he attempted to act on his own initiative his practical deposition was the result. His principal adviser, Kang Yumel, the Cantonese reformer, fled in spite of the vigorous attempts made to arrest him, and it is said he is now on his way to Shanghai.

The effect of the change must be great. In all probability Li Hing Chang will be reinstated in power and Russian influence will increase. The hopes of reform so ardently cherished by the intelligent factions of the Chinese are now impossible of fulfillment.

A spread fit for a king was before them, and when they were not eating they lost no time in downing beer. Just for the sake of Beloit it must be stated that the girls did not reside there, but had only been down on a visit and had been told to get out of town by the police. They said they lived in Dubuque, and were on the way to Minneapolis to meet their lovers.

COLONEL THEODORE ROOSEVELT, U. S. V. From HARPER'S WEEKLY.

Illustration from Harper's Weekly, by permission. Copyright, 1903, by Harper & Brothers.

Colonel Theodore Roosevelt has gained an international name for the way in which he organized, equipped, and took through the Spanish campaign perhaps the most unique regiment that has been known in the history of this country. The large portrait of him which we publish in this issue is a drawing from a large photograph taken of the colonel by the Harper's Weekly special photographer during the last days of his camp life at Montauk, L. I. It was just

as he is in this drawing that Colonel Roosevelt went through the last and perhaps not the least important, episode in the history of this extraordinary regiment.

Shortly after breakfast one morning Colonel Roosevelt noticed that orders were being given to his men which had not emanated from him. The different troops were marching out in a body to a little strip of open country near the camp, and before he knew what was

taking place he was waited upon by a committee of officers and troopers, who asked him to walk out into a hollow square formed by his regiment. There he was presented with a bronze statue of a Bronco Buster, and after the speeches had been made, the episode closed with an impromptu reception, during which the entire regiment marched by their colonel in single file, each man shaking him by the hand.

First Wisconsin Volunteers, is in his old time place behind the postoffice delivery window. Farmers in this vicinity are through harvesting tobacco, and cutting corn seems to be the order of the day. The youths attending the Janesville High school from here are Levi Ross, Ray Owen, Arthur Wiggins, Harry Silverthorn, Leslie Strang and Dean Bonis. THEY WANT TO TELL

These Grateful Women Who Have Been Helped by Mrs. Pinkham.

Women who have suffered severely and been relieved of their ills by Mrs. Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters: Mrs. LIZZIE BEVERLY, 258 Merrimac St., Lowell, Mass., writes: "It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottles of Lydia E. Pinkham's Vegetable Compound, also used the Sanative Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women." Mrs. AMOS TROMBLEY, Ellenburgh Ctr., N. Y., writes: "I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good. I surely thought I would die. I was also troubled with falling of the womb. I could not eat, had faint spells as often as ten times a day. One day a lady came to see me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

Admiral Cervera at Madrid.
Madrid, Sept. 23.—Admiral Cervera arrived here Thursday. There were no incidents worth noting in connection with his arrival at the capital. In an interview the admiral said he had a clear conscience regarding Santiago. Nations, he said, grew great by their victories and not by their defeats, however glorious they might be. Spain had lived in a dream and she now had to face a reality.

Debs Said to Be Disappointed.
Toronto, Ont., Sept. 23.—The Brotherhood of Locomotive Firemen expects today to decide the question as to whether the headquarters of the grand lodge will be removed from Peoria to Cleveland or not. Eugene Debs, who is not a member of the order and who had been here for several days with the object, it is said, of getting Sargent's place as grand master, has left.

Little Chance for Gen. Lee.
Washington, Sept. 23.—There is now little probability that Gen. Fitzhugh Lee will be assigned to the chief command of the garrison forces in Cuba. The opinion prevails in the war department that an officer of the regular service should be assigned to the principal command. Maj.-Gen. J. F. Wade is most prominently mentioned for the place. It is expected now that Gen. Lee will command his corps in Cuba, and that this will be the extent of his military duties in the occupation of the island.

President Reviews Marines.
Washington, Sept. 23.—The president Thursday reviewed the portfolio of the white house a detachment of about 200 members of the marine corps which served at Santiago during the war. The marines had just arrived and they marched direct to the executive mansion, headed by the marine band. The president stood with bare head as the bronzed tars marched by, bowing his head, waving his hat and clapping his hands in turn.

Says One Hundred Men Must Die.
Camp Wikoff, Montauk Point, N. Y., Sept. 23.—There were 432 patients in the general hospital Thursday and Dr. Brown made the startling prediction that in his opinion 100 of the men would die. He said he based his belief on the condition of the men. All are down with typhoid. In many cases pneumonia has seized hold of the sick soldiers because they were too weak to combat it.

Spaniards Die on the Ocean.
La Coruna, Sept. 23.—The transport San Ignacio, with 1,285 of the soldiers who were surrendered by Gen. Toral, has arrived here. She reports that 123 soldiers died on the voyage. Eight others died after the arrival of the steamer, and 100 more are in a dying condition.

Pittsburg, Pa., Sept. 23.—For the last week Capt. George J. Adams, a deep-sea diver, has been giving "The Battle of Manila" with toy boats in the Alleghany river outside the exposition grounds. During the bombardment last night shells with which he sunk the wooden boats that represented Spanish cruisers exploded under him. Capt. PECULIAR POISONS

GENERATED IN THE HUMAN BODY.

The Result Of Imperfect Digestion Of Food.

Every living thing, plant or animal, contains within itself the germs of certain decay or death.

In the human body the germs of disease and death (called by scientists Ptomaines) are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sudden mass which ferments (the first process of decay) poisoning the blood, making it thin, weak and lacking in red corpuscles; poisoning the brain, causing headaches and pain in the eyes.

Bad digestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes.

And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form, all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach. They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

A little book on stomach diseases mailed free. Address Stuart Co., Marshall, Mich.

Montana Politics.
Anaconda, Mont., Sept. 23.—The democratic, populist and silver republican state conventions resumed their sessions Thursday morning. Gov. Robert B. Smith, who was a democrat until 1894, when he turned populist and was elected governor by a fusion of populists and democrats, returned to the democratic fold and participated in the convention. The democrats nominated a straight ticket, while the populists and silver republicans fused.

Only Two Were Saved.
San Francisco, Cal., Sept. 23.—Australian papers received here report the wreck of the schooner C. C. Funk on Flinder's Island on July 31, with ten of her crew, all of whom shipped here or in the north. Albert Krough and John Petersen were saved. Capt. and Mrs. Nesson and their two children, the two mates and six seamen were lost. The vessel was driven ashore by a gale and went to pieces in the surf.

THIS DAY IN HISTORY.

1694—Queen Mary, wife of and joint monarch with William III, died.

1745—John Sevier, pioneer and soldier, hero of King's Mountain, etc., born in Rockingham county, Va.; died 1815. Isaac Hayne, Revolutionary patriot, born in the Beaufort district, South Carolina; executed 1781.

1779—The wonderful naval battle of Flamborough Head, coast of Gloucestershire; Paul Jones won a signal victory.

1780—The spy Andre arrested near New York.

1791—Birth of Karl Theodor Korner, German poet of liberty; killed in fighting the French 1813.

1820—Commodore Oliver Hazard Perry died in Port Spain, Isle of Trinidad; born 1785.

1860—Black Friday; day noted in American financial records.

1874—Frightful typhoon at Hongkong; thousands of lives and millions in property destroyed.

1895—The Cuban constitution adopted and proclaimed.

1897—Judge C. B. Kilgore, noted public man, formerly in the Confederate service, died at Ardmore, I. T.; born 1821.

The war board is now ready for business and will hold its first session tomorrow at Washington. The members are: Gen. Granville Dodge, Col. James A. Sexton, Commander of the G. A. R., President Gilman, of Johns Hopkins university, Dr. W. W. Keene, of Philadelphia, Charles Denby, of Indiana, Capt. Evan P. Howell, of Atlanta, Gen. Anson G. McCook, of New York, Mr. Whiting of Massachusetts, Gen. W. H. Jackson, of Tennessee. Messrs. Howell, Jackson, Denby, and Gilman are democrats.

Dr. Nicholas Senn seems to have suddenly become one of the military authorities of the United States. He now rises to say that General Shafter is "either arrogant or ignorant." Dr. Senn would do well to curb his tongue. The first thing he knows people will be calling him plain "Nick." He is a great surgeon, but there is nothing to show that he knows more about war than men who have made it a life study.

The St. Louis Globe-Democrat says: "Gen. Joe Wheeler is big enough and brave enough to defend the war department, and to give credit to his political opponents for carrying the country through a great crisis with almost unexampled success and at the minimum cost of men and money."

General "Joe" Wheeler got every vote in the congressional convention of his district—democrats, republicans, populists, and prohibitionists all supporting him. Gen. Wheeler has made a record during the war, and without disparaging anyone else, either.

General Shafter's record as a soldier is excellent. Dr. Senn's record as a surgeon is unexcelled. Dr. Senn's statement that General Shafter is not a good soldier will carry no more weight than would General Shafter's statement that Dr. Senn was not a good surgeon.

Connecticut democrats declared in favor of the gold standard by a decisive majority. It will take a very powerful stimulant to keep the free silver cause alive many years as believers in honest money will vote it down every time they get the chance.

Michigan republicans have renominated Gov. Pingree. The governor's early training at the shoemaker's bench seems to stand him in good stead. He is a "laster," as the verdict of the people showed.

The announcement is now made that several more regiments of volunteers are to be mustered out. It is therefore quite unlikely that Janesville soldier boys will again be called to the front.

Col. George M. Randall, formerly of this city, has been transferred from the Seventeenth to the Eighth infantry.

A special meeting of the common council has been called for Monday

evening, but no arrangements looking toward a peace jubilee are likely to be made at this particular session.

State Senator J. H. Stout says he is not a candidate for the position of United States senator. He thinks a business man should be elected to that office.

Secretary Alger says commanding officers sent good reports from all the camps, and that if bad conditions existed, the war department was not notified of the fact.

Army surgeons say that flies carried the germs of typhoid fever all through the camps, the disease coming from the refuse matters from the mess tables.

Admiral Dewey's brother says the hero of Manila is a republican and he doesn't like to have it said he is anything else.

The republicans of Washington, in state convention at Tacoma, declared in favor of the gold standard.

Theodore Roosevelt's pen was mighty, but his sword seems to have been more so.

INSURANCE ON HAIL PROVES TOO COSTLY

HEAVY ASSESSMENT LEVIED ON FARMERS.

Even the Men Who Collected Money From the Company Are Left in the Hole—Some Pay Nearly Four Times as Much As They Receive.

Rock county men who went into the Farmers' Mutual Hail Insurance Co. are preparing to fight an assessment. The insurance company has headquarters in Sparta and carries many risks in the northern part of the state. Losses must have been heavy this summer, for Rock county policy holders are notified of an unexpected levy in consequence. They insist that the levy is out of all proportion to the amount of business. Men who suffered hail losses and were able to collect only fifteen or twenty dollars from the company now find themselves assessed sixty or sixty-one dollars. They think a good deal of money must have been spent for something besides losses to make this necessary.

Grant Austin had some tobacco cut by hail and got \$15. He is now assessed \$50.

John Decker collected \$25 for damage by hail. He is now assessed \$61.

"If even the policy holders who have money coming on losses are put in the hole that way what comfort is there for men who get back nothing?" said Mr. Austin to a Gazette reporter. "I suffered loss by hail, but I would have been \$44 ahead if I had paid the loss myself and not done any insuring. Any game where you pay \$50 for a chance to draw \$15 is too rich for my blood. I am going to see whether the Farmers' Mutual can collect that assessment in court."

A good many others feel the same way about the matter. A lively series of law suits is likely to follow.

Two hundred Rock county policy holders have recovered losses from the company as shown by the following list:

LATTER DAY SAINTS IN CAMP MEETING

RELIGIOUS GATHERING ON THE DUTTON FARM.

Great Fervor Is Manifested Among the Attending Elders and Members—Devotional Exercises and Preaching on Points of Doctrine Engage All the Time.

The camp meeting held by the reorganized church of Jesus Christ of Latter Day Saints has continued since last Saturday, and will hold over Sunday, the 25th inst. As stated in our previous issue, its location is the grove on the farm of O. N. Dutton. Other families have gathered in during the week, coming from Madison, Oregon and Delavan. Among the ministers that have been added are Elders C. H. Burr, J. T. Hackett, J. B. Wildernuth and Leonard Houghton.

The regular prayer and testimony services have been held each morning at nine o'clock, lasting until eleven. They are said to have been very pleasing and comforting occasions. At half past two on Tuesday Elder E. M. Wildernuth preached concerning the existence of God. At the evening hour Elder H. A. Stebbins spoke upon the subject of the laying on of hands as an ordinance of the gospel of Christ in the confirmation of members, the blessing of children, and for ordination of the ministry.

On Wednesday afternoon Elder H. A. Stebbins preached upon the parable of the ten virgins and the coming of Christ to His people. In the evening Elder J. H. Lake discussed upon the resurrection of the dead, showing that it will be literal, and that the righteous will rise at the beginning of the millennium while the wicked will sleep until the end of the thousand years.

On Thursday the afternoon preaching service was occupied by Elders J. H. Lake and H. A. Stebbins both speaking upon the Scriptural evidences concerning tithing, or a tenth, as being the system that the Lord has instituted for the financial sustaining of His work, and for the care of the poor among His people. In the evening Elder C. H. Burr, of East Delavan, preached upon the future state of man in the spirit world, showing that the righteous enter paradise and the wicked enter the prison; and that the former are resurrected to the glory of the sun, while the others, at the end of the thousand years, come forth to receive a glory like unto the moon or the stars, each individual according to the deeds done while in the body.

The meetings will continue in the order on Friday and Saturday, namely, prayer service at nine o'clock, and preaching at half past two and half past seven. On Sunday morning, the 25th, the bread and wine will be administered to the members of the body, and at half past ten there will be preaching; also at half past two and again in the evening. The public is cordially invited to attend the meetings of the people and to listen and judge as to their doctrine and belief.

BEYOND THE CARES OF EARTH

Mrs. C. F. Page
A beautiful life went out when the angel of death bore away the spirit of Mrs. Charles Fremont Page at 3:10 o'clock this morning, her demise occurring after a long and patiently borne illness of consumption.
Miss Mida Culver was born near Janesville twenty-nine years ago, and Bower City people knew her well. She possessed all the graces of true womanhood and held the friendship and esteem of all with whom she came in contact. Being of a sunny disposition, cheerfulness was a marked trait of her character, while her friendship was of the enduring kind. Hence, her death will send a sharp pang of sorrow into many hearts and the tears of friends will mingle with those of the dear ones whose sorrow will be too deep for others to understand.

A few years ago, Miss Culver was married to Charles Fremont Page, a banker, of McIntosh, Minnesota, and removed to that city to reside. Two children were born to them, and they enjoyed all the blessings of a happy home, and a contented life. Some time ago, the health of the devoted wife and mother began to fail. She returned to Janesville for a visit, and her friends noticed the change with much alarm. Consumption quickly developed, and it was seen that the unequal struggle could not last long. Husband, mother and sister realized that such was the case, and that their thoughtful ministrations could but ease the pain. Day by day the sufferer lost strength until in the early hours of this morning, the end came. Loved ones were with her when the lamp of life ceased to burn, and death came as gently as a healthful slumber.

Beside the bereaved husband and children, Mrs. Page leaves a mother, Mrs. Mark Ripley, and a sister, Miss Ruth Culver, to mourn her untimely death.

The funeral will be held from the home of Mrs. Ripley, on Court street, at 2:30 o'clock Sunday afternoon. Rev. R. C. Denison will officiate.
Gladys Grace Kegley.
Gladys Grace Kegley, infant daughter of John F. and Etta Kegley, was born in Plymouth, April 12, 1898, and died at the same place, September 21, 1898, after an illness of three weeks. The funeral was held on Thursday, September 22, at the home, conducted by Rev. H. C. Seidel, the singing being in charge of Mrs. L. VanAntwerp, Miss Tina Luckfield, and Messrs. E. C. Brown and W. G. Shumann.

"T. & T." coffee is roasted and put up by the famous Thomson & Taylor Spice Co., Chicago. It's clean and pure, that's the point.

THE DETROIT NINE AT ATHLETIC PARK

ENGAGED PICKED TEAM THIS AFTERNOON.

The Home Team Was Disappointing By Not Having the Men They Expected—Ideal Weather But the Crowd Was Not Large—Several From Edgerton Attended.

Those who went to Athletic Park this afternoon expecting to see the home team composed of nine professional men such as had been advertised, were disappointed. The team although it had good men in the field, lacked the eight kind of material to run up against such an aggregation as the Detroit base ball team.
The visitors were here in full force, having arrived last evening from Rockford. Yesterday they were to have played in the Forest City, but the rain interfered and the game was called off. Players Were Shy.

At the beginning of the week when Manager Cunningham, of the home team, drew up his contract for today's game he expected that he would have no trouble in getting a team in Rock county fully able to hold their own with the visitors. The Edgerton team recently disbanded, and players that he expected to procure out of that club he was unable to sign for today's contest owing mainly to a misunderstanding in regard to terms. Michael Birmingham, of this city, who has been playing with the Brockton, Mass., club this season was expected here last evening, so as to enter today's game. He failed to arrive, as did also Warner, of Rockford. When the game was called at three o'clock a fair sized crowd was in attendance. A much larger one would have been there had such a team as the Edgerton been on hand in the home team's place. Many stayed away because they thought the sport would be too much one sided.

The following was the line-up:
Detroit. Position. Janesville.
Barlow. Pitcher. McManis.
Briggs. Catcher. Adkins.
Clancy. Infield. Sullivan.
Bear. Infield. Morrissey.
Flaherty. Infield. Fisher.
Dillard. Infield. Warner.
Durand. Infield. Strothers.
Shannon. Infield. Whitte.
Stallings. Infield. Binkley.
Fred Gillman, of Evansville, umpired the game and at the close of the second inning the score stood 2 to 0 in favor of Detroit.

OUR special curtain sale continues over Saturday. Bort, Bailey & Co.
SEE the choice line of collarettes we are selling at \$3, \$5, \$7.50 and \$10. T. P. Burns.
Dr. Mills, who is attending Morton at his Johnstown home, reports him in a very dangerous condition.

Reed & Son Piano.

The manufacturers have been making Pianos many years and their reputation has been more thoroughly established with each sale. The owner of a Reed Piano always speaks of it in the highest terms. If you are thinking of investing money in a Piano don't make the mistake of many people—a showy case and a flimsy inside does not constitute a good Piano. You have the satisfaction of knowing you could get nothing better when you buy a Reed & Son instrument.

FRANCE IS IN GRAVE PERIL.

Conditions Seem to Be Ripe for a Revolution.

GEN. ZURLINDEN RESPONSIBLE.

His Arbitrary Action in the Case of Col. Picquart Has Stirred Up Revengeful Feelings Among the Supporters of Dreyfus—Significant Articles.

London, Sept. 23.—The English correspondents in Paris are unanimous in saying that the Picquart affair has revived the passions which had begun to cool, and has rendered the position very grave. The good impression made by the decision to re-examine the Dreyfus case has been utterly destroyed.

The hole-and-corner manner of bundling Col. Picquart into the Cherche-Midi prison, virtually at Gen. Zurlinden's personal will, has roused a tempest of indignation not only among the warmest supporters of Dreyfus, but among the more sober revisionists. These regard the coup as a last desperate effort to prevent the truth from being revealed, and fear lest it triumph.

On the other hand the Jew-baiters have grown almost maniacal. The articles in the Paris papers have the genuine revolutionary ring, which is ominously significant. The immediate future is fraught with possibilities as dangerous as any that have threatened the country since the imbroiglio began.

London, Sept. 23.—A dispatch from Paris to the Central News says that Col. Picquart has been transferred from the civil prison to the military prison of Cherche-Midi, where he is held at the disposition of the military courts. A dispatch from Paris to a local news agency suggests that Col. Zurlinden, in instituting the military prosecution of Col. Picquart, stole a march on the government. While Minister of War Zurlinden decided upon the prosecution of Picquart, and transmitted orders to the military governor of Paris accordingly, he then resigned the ministry of war and was re-established in the office of military governor of Paris.

Thus, as military governor, Zurlinden puts into execution his own orders, given as minister of war. All of this was unknown to the government, or even to the new war minister, Gen. Charolne.

PEOPLE WE KNOW.

They Are Janesville People and What They Say Is Of Local Interest

When an incident like the following occurs right here at home it is bound to carry weight with our readers. So many strange occurrences go the rounds of the press, are published as facts when the intelligent reader knows they cannot be true, there is no wonder that people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual personal experience of our citizens and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right here at home, one whom you can see any day, leaves no ground for the skeptic to stand on:

Mrs. S. L. Be den, of 64 S. River St., says: "During the last two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work, and if I did any lifting my bladder became affected, causing me considerable annoyance. I also had attacks of headaches, which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them, but my daughter got a box at the Janesville Co's. drug store and persuaded me to use them. I am very glad I did so for they took right hold and in a wonderful change in my condition I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions. I have recommended this remedy on several occasions, and will do all that I can to let others know of its merits."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

BASEBALL REPORT.

Scores of Yesterday's Games in the National League.

With Everitt barred out by umpire's orders and Dahlen sick, Chicago had little chance to win yesterday, most of the runs following errors by the substitute first basemen. The Giants lost also, but only once. Cleveland dropped another to the Phillies, who may soon be dangerous pursuers of Chicago. Boston got its game from Pittsburgh. Cincinnati could not play. Brooklyn and St. Louis found themselves evenly matched and stopped with a tie after the tenth. Scores:

At Baltimore—Baltimore, 15; Chicago, 6. Baltimore, 3; Chicago, 1. At Philadelphia—Philadelphia, 13; Cleveland, 2. At Boston—Boston, 8; Pittsburgh, 1. At New York—Louisville, 7; New York, 2. At Brooklyn—Brooklyn, 3; St. Louis, 3 (ten innings). Cincinnati at Washington—Rain. Games today: Chicago at Baltimore, St. Louis at Brooklyn, Cincinnati at Washington, Louisville at New York, Pittsburgh at Boston, Cleveland at Philadelphia.

HE KNOWS THE CRIMINAL.

Police Chief States That the Bridgeport Mystery Is Solved.

Bridgeport, Conn., Sept. 24.—Chief of Police Birmingham declares he has the author of the Yellow Mill pond crime where he can secure him at any time, and he is confident the mystery is solved. Harry A. Guilford, son of Dr. Nancy A. Guilford, who has been suspected of knowing something about the mystery, has been arrested. He had hurriedly left a week ago, the day after the dismembered body of Emma Gill was found. Guilford admitted that "G51" was the family laundry mark. This mark was on a portion of an undergarment in which one part of the body was wrapped. Walter C. Foster of Hartford, sweetheart of the murdered girl, and Charles Plumb of Stratford are held here to await further developments.

Dreadfully Nervous.

—GENTS:—I was dreadfully nervous and for relief took your Kar's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleansed my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

Veteran Marines at Norfolk.

Norfolk, Va., Sept. 23.—Ninety marines from Guantanamo arrived here today. They satied in May on the Panther from Hampton roads and helped repel the famous midnight attack by the Spaniards. The marines are of Huntington's command and came to be paid off and discharged. It is a fact worthy of note that of Huntington's 800 men only 8 per cent have been sick. Sixty sailors who have enlisted for one year have been discharged from the service.

Soldiers Killed by Lightning.

Washington, Sept. 23.—The adjutant general of the army has received a cable message from Maj.-Gen. Brooke, dated at Ponce, Porto Rico, Sept. 21, announcing four deaths yesterday, as follows: Private E. H. Farrell, Co. L, Eleventh Infantry, typhoid; Private Ralph Polk, Co. N, Fifth Infantry, gastritis; Corporal Bernard Bohn and Private Morris, both of the Eleventh Infantry, killed by lightning.

Educate Your Bowels With Cascarets.

Cascarets Candy Cathartic, cure constipation, refund money. 10c, 25c. If C. C. C. fail, druggists refund money.

Butting in Regard to Chinese.

Washington, Sept. 23.—The secretary of the treasury has made an important ruling, in which he holds that Chinese consuls in foreign countries are not authorized to issue certificates to privileged classes of Chinese entering this country. The effect of this ruling will be to prohibit the entry into this country of the privileged classes except upon presentation of certificates issued by the imperial Chinese government, and in view of the fact that the government has never issued certificates of this character it is believed that comparatively few Chinese, even of the exempt classes, will apply hereafter for admission.

Startles the Methodists.

Mount Clemens, Mich., Sept. 23.—Rev. William Dawe, presiding elder of the Saginaw district, sprung a sensation in the Methodist conference here Thursday by scoring fraternal societies, Sunday excursions and professional revivalists. He said business and professional men do not attend the churches, and that fraternal organizations, which demand the time and money of men and women, are threatening the very existence of the church, so it is often treated like a pauper, and the church people have to beg for money to keep the pastor alive.

It Found No Competitors.

Boston, Mass., Sept. 23.—Fully 500 Odd-Fellows gathered at the baseball grounds Thursday to watch the prize drills of the Patriarchs Militant. After a wait of nearly an hour Canton McKean, No. 28, of Terre Haute, Ind., was the only one to appear on the field. The canton was awarded the first prize of \$100. In the individual prize drill which followed there were thirty competitors, and Ensign D. W. Rigner of Canton McKean was awarded the first prize of \$15.

GRAVE CHARGES ARE MADE

Competency of Camp Physicians in Question.

COURTS-MARTIAL NOT FEARED.

Officers Stationed in Southern Encampments Are Said to Be Sending in Reports to Secretary Alger—Chief Surgeon Is Called a "Horse Doctor."

New York, Sept. 23.—The Press says: Hishes the following from a special correspondent at Washington:

"Dr. Huidekoper, who is at present in the public eye under a fire of criticism for alleged mismanagement of the medical department at Camp Thomas, was a veterinary surgeon. A newspaper reproduces his card, which tells in detail the nature of the medical practice conducted by him.

"Although denials have been made by both Senators Quay and Penrose that they secured the appointment of Huidekoper, Pennsylvania people here recall that at the time it was made these senators were credited with having secured it. Dr. Huidekoper's brother was postmaster at Philadelphia under President Garfield.

"Chaplain Carstensen of the One Hundred and Fifty-eighth Indiana first pointed out the fact that the surgeon's practice had been with horses, dogs and cats. For this he was threatened by court-martial from Washington. Tuesday the statement was repeated emphatically to Secretary Alger by regular officers at Lexington, Ky. The rumor that a 'horse doctor' was at the head of the medical department of Camp Thomas had prevailed in the camp for some time, but officers were afraid to discuss it, dreading the court-martial.

"Secretary Alger, who is said to have been greatly surprised by what he learned of army mismanagement while at Lexington, Ky., will, according to reports, hear more surprising things as he progresses southward."

CONSTIPATION

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. Chronic constipation for seven years placed me in this terrible condition during that time I did everything I could of but never found any relief, each day was a torment until I began using CASCARETS. I now have from one to three passages a day, and if I was rich I would give \$100.00 for each movement; it is such a relief."
